

# BLAVOD

THE BLACK VODKA

# “Finally... black that goes with everything”

**BLAVOD** IS THE UNIQUE BLACK VODKA. IT IS DISTILLED WITH BLACK CATECHU, AN ORIENTAL HERB, TO ACHIEVE A PURE, 40% NEUTRAL VODKA THAT IS BLACK IN COLOUR.

Yes, it really is black! This is truly unique in that Blavod tastes totally unflavoured, yet it floats on top of most mixers and offers a whole range of possibilities for the creative barman... Far more than just a designer product, this is a very smooth vodka.

It's a great addition to your bar – even at home - to create unique easily layered cocktails...Or for that special themed night; e.g. Halloween, Black & white party...

It does not stain the teeth or tongue.
